

## **DEPARTMENT OF LABOR**

### **Occupational Safety and Health Administration**

**[Docket No. OSHA-2009-0045]**

#### **Aerial Lifts Standard; Extension of the Office of Management and Budget's (OMB) Approval of Information Collection (Paperwork)**

##### **Requirements**

**AGENCY:** Occupational Safety and Health Administration (OSHA), Labor.

**ACTION:** Request for public comments.

**SUMMARY:** OSHA solicits public comments concerning its proposal to extend OMB approval of the information collection requirement contained in the Aerial Lifts Standard. The only information collection requirement in the Aerial Lifts Standard is a certification provision, paragraph (a)(2). This provision requires an employer who modifies an aerial lift for a use not intended by the lift manufacturer ("field modified aerial lift") to obtain from that manufacturer, or an equivalent entity (such as a nationally-recognized laboratory), a written certificate stating that: The modification conforms to the applicable provisions of ANSI A92.2-1969 and OSHA's Aerial Lifts Standard; and the modified aerial lift is at least as safe as it was before modification.

Employers who modify an aerial lift for uses other than those provided by the manufacturer must obtain a certificate from the manufacturer or equivalent entity certifying that the modification is in conformance with applicable American National Standards Institute (ANSI) standards and OSHA's Aerial Lifts Standard, and that the equipment is as safe as it was prior to the modification.

**DATES:** Comments must be submitted (postmarked, sent, or received) by [INSERT DATE 60 DAYS AFTER DATE OF PUBLICATION IN THE FEDERAL REGISTER].

**ADDRESSES:**

Electronically: You may submit comments and attachments electronically at <http://www.regulations.gov>, which is the Federal eRulemaking Portal. Follow the instructions online for submitting comments.

Facsimile: If your comments, including attachments, are not longer than 10 pages you may fax them to the OSHA Docket Office at (202) 693-1648.

Mail, hand delivery, express mail, messenger, or courier service: When using this method, you must submit a copy of your comments and attachments to the OSHA Docket Office, OSHA Docket No. OSHA-2009-0045, Occupational Safety and Health Administration, U.S. Department of Labor, Room N-2625, 200 Constitution Avenue, NW., Washington, DC 20210. Deliveries (hand, express mail, messenger, and courier service) are accepted during the Department of Labor's and Docket Office's normal business hours, 8:15 a.m. to 4:45 p.m., e.t.

Instructions: All submissions must include the Agency name and the OSHA docket number (OSHA-2009-0045) for the Information Collection Request (ICR). All comments, including any personal information you provide, are placed in the public docket without change, and may be made available online at <http://www.regulations.gov>. For further information on submitting comments see the "Public Participation" heading in the section of this notice titled "SUPPLEMENTARY INFORMATION."

Docket: To read or download comments or other material in the docket, go to <http://www.regulations.gov> or the OSHA Docket Office at the address above. All documents in the docket (including this Federal Register notice) are listed in the <http://www.regulations.gov> index; however, some information (e.g., copyrighted material) is not publicly available to read or download from the Web site. All submissions, including copyrighted material, are available for inspection and copying at the OSHA Docket Office. You may also contact Theda Kenney at the address below to obtain a copy of the ICR.

**FOR FURTHER INFORMATION CONTACT:** Directorate of Construction, OSHA, U.S. Department of Labor, Room N-3468, 200 Constitution Avenue, NW., Washington, DC 20210; telephone (202) 693-2020.

## **SUPPLEMENTARY INFORMATION:**

### **I. Background**

The Department of Labor, as part of its continuing effort to reduce paperwork and respondent (i.e., employer) burden, conducts a preclearance consultation program to provide the public with an opportunity to comment on proposed and continuing information collection requirements in accordance with the Paperwork Reduction Act of 1995 (PRA-95) (44 U.S.C. 3506(c)(2)(A)). This program ensures that information is in the desired format, reporting burden (time and costs) is minimal, collection instruments are clearly understood, and OSHA's estimate of the information collection burden is accurate. The Occupational Safety and Health Act of 1970 (the OSH Act) (29 U.S.C.

651 et seq.) authorizes information collection by employers as necessary or appropriate for enforcement of the OSH Act or for developing information regarding the causes and prevention of occupational injuries, illnesses, and accidents (29 U.S.C. 657). The OSH Act also requires OSHA to obtain such information with minimum burden upon employers, especially those operating small businesses, and to reduce to the maximum extent feasible unnecessary duplication of efforts in obtaining information (29 U.S.C. 657).

The certification requirement specified in the Aerial Lifts Standard demonstrates that the manufacturer or an equally-qualified entity has assessed a modified aerial lift and found that it was safe for use by, or near, workers; and that it would provide workers with a level of protection at least equivalent to the protection afforded by the lift prior to modification.

## **II. Special Issues for Comment**

OSHA has a particular interest in comments on the following issues:

- Whether the proposed information collection requirements are necessary for the proper performance of the Agency's functions, including whether the information is useful;
- The accuracy of OSHA's estimate of the burden (time and costs) of the information collection requirements, including the validity of the methodology and assumptions used;
- The quality, utility, and clarity of the information collected; and

- Ways to minimize the burden on employers who must comply; for example, by using automated or other technological information collection and transmission techniques.

### **III. Proposed Actions**

There is an adjustment decrease of 13 hours as a result of removing the burden hours for an employer to disclose records to an OSHA compliance officer during an inspection, bringing the total burden hours to zero (0). However, while no responses have in fact been received, DOL is using the figure of “10” responses in order to have the ICR comport to regulation 5 CFR 1320.3(c)(4)(i), which deems any rule of general applicability to involve at least 10 respondents. The Agency is, therefore, using the above per response burden to maintain a time burden as close as is possible to the actual time of no hours (1 hour).

Type of Review: Extension of a currently approved collection.

Title: Aerial Lifts (29 CFR 1926.453).

OMB Control Number: 1218-0216.

Affected Public: Business or other for-profits.

Number of Respondents: 10.

Frequency of Responses: On occasion.

Total Responses: 10.

Average Time  
per Response: 6 minutes (0.10 hour).

Estimated Total  
Burden Hours: 1.

Estimated Cost  
(Operation and  
Maintenance): \$0.

#### **IV. Public Participation — Submission of Comments on this Notice and Internet Access to Comments and Submissions**

You may submit comments in response to this document as follows: (1) electronically at <http://www.regulations.gov>, which is the Federal eRulemaking Portal; (2) by facsimile (fax); or (3) by hard copy. All comments, attachments, and other material must identify the Agency name and the OSHA docket number for the ICR (Docket No. OSHA-2009-0045). You may supplement electronic submissions by uploading document files electronically. If you wish to mail additional materials in reference to an electronic or facsimile submission, you must submit them to the OSHA Docket Office (see the section of this notice titled “ADDRESSES”). The additional materials must clearly identify your electronic comments by your name, date, and the docket number so the Agency can attach them to your comments.

Because of security procedures, the use of regular mail may cause a significant delay in the receipt of comments. For information about security procedures concerning the delivery of materials by hand, express delivery, messenger, or courier service, please contact the OSHA Docket Office at (202) 693-2350, (TTY (877) 889-5627).

Comments and submissions are posted without change at <http://www.regulations.gov>. Therefore, OSHA cautions commenters about submitting personal information such as social security numbers and dates of birth. Although all submissions are listed in the <http://www.regulations.gov> index, some information (e.g., copyrighted material) is not publicly available to read or download from this Web site. All submissions, including copyrighted material, are available for inspection and copying at the OSHA Docket Office. Information on using the <http://www.regulations.gov> Web site to submit comments and access the docket is available at the Web site's "User Tips" link. Contact the OSHA Docket Office for information about materials not from the Web site, and for assistance in using the Internet to locate docket submissions.

## **V. Authority and Signature**

David Michaels, Ph.D., MPH, Assistant Secretary of Labor for Occupational Safety and Health, directed the preparation of this notice. The authority for this notice is the Paperwork Reduction Act of 1995 (44 U.S.C. 3506 et seq.) and Secretary of Labor's Order No. 1-2012 (77 FR 3912).

Signed at Washington, DC, on September 26, 2016.

---

**David Michaels,**

Assistant Secretary of Labor  
for Occupational Safety and Health.
